

Photoluminescent plastic masterbatch

Yellow-green 	Model	FOB price from(USD/KG)(EUR/KG)
Universal Series (EVA)	PLE-U-G50	From 46USD,41EUR
PE Series	PLE-PE-G50	From 44USD,40EUR
PP Series	PLE-PP-G50	From 44USD,40EUR
ABS Series	PLE-ABS-G50	From 46USD,41EUR
PC Series	PLE-PC-G50	From 49USD,45EUR
PMMA Series	PLE-PMMA-G50	From 49USD,45EUR
TPU Series	PLE-TPU-G50	From 52USD,48EUR
Blue-green 	Model	FOB price from(USD/KG)(EUR/KG)
Universal Series (EVA)	PLE-U-M50	From 46USD,41EUR
PE Series	PLE-PE-M50	From 44USD,40EUR
PP Series	PLE-PP-M50	From 44USD,40EUR
ABS Series	PLE-ABS-M50	From 46USD,41EUR
PC Series	PLE-PC-M50	From 49USD,45EUR
PMMA Series	PLE-PMMA-M50	From 49USD,45EUR
TPU Series	PLE-TPU-M50	From 52USD,48EUR

1. photoluminescent plastics master batch is a kind of plastics pellet that has the characteristics of self-glowing, it is made of our high-tech luminescent materials---photoluminescent pigment by deep processing.
2. Special master batch or concentration and so on of photoluminescent master batch can be processed based on customers' requirement.
3. Minimum order quantity:25kg.
4. Packing:25kgs per bag
